DAHUA BLE Digital Smart Lock, Pin Code, RFID Tag and BLE App functions. Silver finish

Description

Bluetooth smart lock The new Dahua BLE digital lock is the latest addition to their smart range of products. It has three different modes of operation to give maximum flexibility for your residence with Pin Code, Mifare Credential and BLE. The key ingredient to a good smart lock is the App and Dahua has developed an intuitive, easy to use one at that. Once your lock is paired you can enrol pin codes and cards through the app as well as share unlimited one-time use codes via text and email, making access for visitors simple and secure. 4-way opening: Bluetooth, Mifare Card, password and mechanical key. Privacy password: xxx+password+xxx, preventing password to be seen by others. Passage Mode and Non-disturbance Mode optional. Auto lock when come across a consecutive invalid passwords or cards. Audit trail. Field changeable handing. Low Voltage alarm(<4.5V). Huge storage: 50 cards, 50 passwords, 8 Bluetooth. Emergency power supply outside. Two colours optional. Zinc alloy material.
